# PRESIDENT'S MESSAGE

**ROMANO MOTTA**  
President of IGFR Europe

*After the happy reunion of Donnafugata, we are in Bruges for the 43rd IGFR European Championship. I want personally thank the many friends who will participate in this wonderful event.*

*The Organizing Committee chaired by Luc Salens prepared, thanks to the commitment of all of its members, an exceptional event.*

*I want to congratulate all of them and to express once more my deep gratitude for their work.*

*I am therefore certain that, in the spirit that has always animated IGFR, this Championship will be a tremendous success and will remain engraved in your mind for a long time.*

# CHAIRMAN'S MESSAGE

*Dear fellow Rotarians and partners,*

*It is our utmost pleasure and a real honor that we may host you all in Bruges today. Together with my energetic organizing committee, we hopefully have done the right job to offer you a splendid week. A fresh souvenir in mind of last year's fantastic journey in Sicily, organized by our Italian friends, was an excellent element to take up the challenge. We do hope the 43rd European championship in Belgium will be a high light in IGFR's history.*

*Make it yourself comfortable, enjoy your golf, taste our delicious food, beers and chocolates, discover our historic places and the many masterpieces of arts. And do not forget to make great fun with your friends! Once again: thank you for coming to Bruges! We fully appreciate!*

*Also a 'great thank you' to all our partners and sponsors. Not so evident to find them nowadays. We are particularly proud and grateful for their amazing contributions. They afford us to make a benefit at the end of the tournament, to help us in giving a better life to those who need our help! Without our sponsors this event could never become successful.*

*On behalf of all the participants I say: Thank you so much my friends for your generosity!*

**LUC SALENS**  
Chairman of the 'Bruges  
2017' Organizing Committee

Dear Rotarians

It is with great delight that the City of Bruges welcomes the participants of the 43rd IGFR European Championship.

Bruges has many assets which you will surely discover during your stay. Our historic town captures the heart of anyone who comes to visit. You have probably seen our monuments and our typical façades in books, on postcards and in movies. Bruges, more than any other city, has a distinct international character. Being an ancient harbour, our city has preserved its traditional welcoming spirit with an open mind and an enterprising gaze at the future. Many congresses, international meetings and symposiums take place in Bruges all year round. Both organizers and participants feel attracted to our city because of its special atmosphere, which makes one feel right at home. I am certain that you, like many others, will fall in love with the city.

I wish you a pleasant stay and good luck at the golf tournaments in Damme and Ostend!

# IGFR HISTORY

In 1963 Gavin Reekie, as Governor Nominee for district 101, attended the World Assembly at Lake Placid in New York State and at the final banquet was seated along with his wife Connie, at the table of the incoming World President Carl Miller. Carl's theme for the year ahead was "Meeting Rotary's Challenge in the Space Age" and promoted the idea of Matched Districts.

Gavin related the wonderful golfing liaison between District 101 and District 728 and the Jackson Christy Porridge Bowl Trophy and suggested, to further the World theme of "Matched Districts" that Carl should develop this golfing fellowship on a WORLD basis. Carl responded "Gavin, I want you good people in Scotland to organize a similar competition between Districts on a World basis and I will provide you with a suitable trophy. I will be in Scotland in two months time. Let me have your ideas and we will finalize the details then." This meeting took place at Gleneagles hotel, Scotland, on the 17th August 1963.

Carl was then the World President of Rotary International and Gavin was District Governor of District 101. Also present at the meeting were William Carter, President of R.I.B.I. and Willie McAslam, Governor of District 102, the only other District in Scotland at that time. Based on Carl Miller's theme "Meeting Rotary's Challenge in the Space Age" and after much discussion, the well known Jewellers, A & C. Cairns-Cross, Perth, Scotland, produced a suitable design.

The Carl Miller Trophy continues to be the centerpiece of the many trophies and awards which have grown through the years. The Trophy cost 256 English pounds in 1964, which was paid by President Carl and continues today as the most coveted of the IGFR trophies both for its intrinsic value as well as its meaning to fellow golfing Rotarians.

Gavin Reekie presented the Runner-up trophy and it continues today. Both are emblematic of the Space Age theme of President Carl.

The rules and the number of participants have changed considerably since the first World Tournament was held at St. Andrews, Scotland. There were 47 entrants and 10 countries represented. In 1998 there were over 500 Rotarians and guests, with more than 400 golfers in Pinehurst, North-Carolina, USA, coming from 28 countries.

At the 1997 meeting of the Board of Directors, a decision was made to incorporate the Stableford system to determine winners of many different groups and the 1998 Pinehurst venue was the first occasion to use this scoring system.

Nowadays the Championships are played between Rotarian golfers (men and ladies) and three handicap divisions were introduced.

From all the founder members of IGFR, only Gaston Barras is still with us today, and very active in Rotary golf. He was the founder President of IGFR Europe in 1975. There are now over 20 national golfing fellowship groups.

## 43 YEARS IGFR EUROPE HISTORY (1975– 2017)

A shorter story, but already 43 European Rotary Golf Championships organized!

At the 1974 World Championship in St. Andrews, Gaston F. Barras (Switzerland) met his two friends Armand delvaux (Luxemburg) and Francesco Folonari (Italy), and at his suggestion they decided to create the European Rotary Golf Championships; The first of these took place at Crans-sur-Sierre (Switzerland) in 1975.

# PACE OF PLAY

It is every player's responsibility to be constantly mindful of the pace of play.

**The committee expects every flight to finish their round in absolutely no more than 4 and the ½ hours.**

Maintain pace with the flight in front at all times and be ready to play when it is your turn.

**Please play "READY GOLF" whenever possible and mainly when your flight falls behind.**

To play more quickly when driving a buggy please do not go to your golf ball, then return to the cart to select a club.

Take 3 clubs with you, the club you expect to use and the one on either side of it.

The first player listed in the tee-sheet in each flight will be designated as the **flight captain** responsible for monitoring the pace of play.

To ensure an enjoyable event for everyone, please do your best to keep your flight moving.

**Please remember that one slow flight can disrupt the entire day's play for everyone behind you.**

**And do not forget you are your own referee!**

This means that you always play fair and correct as the Rules of the Royal & Ancient describe.

Before, during and after the game of golf the Rotarian Four-Way Test is in charge.

Of the things we think, say or do

Is it the TRUTH?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?

We appreciate your assistance in maintaining a good pace of play for the benefit of all participants.

**Thanking you !**

# PLEASE HELP ONE OF THE MOST ENERGETIC ROTARY NGOS IN THE WORLD

Fellow Rotarians, dear friends,

We are delighted to present you one of the most dynamic Rotary NGO's, HOSPITAL WITHOUT BORDERS, founded in Belgium in 1922. It is managed by Rotarians from our 3 Districts.

HWB supports small dispensaria and provides medical and technical equipment to poorly equipped hospitals throughout the world (Asia, Africa, Central and South America)

HWB collects medical, surgical, paramedical and hospital equipment in Belgium and Luxemburg and redistributes this material by adding new items if needed. To collect all these products, HWB asks hospital centers and medical professionals to offer their equipment if they replace it, or, when they stop their activities.

HWB intervenes also when catastrophies occur, like tsunamis in Indonesia, the Philippines or when earth quakes strike as it happened recently in Haiti and Nepal.

HWB is officialy recognized by international associations (The Red Cross, the United Nations and the European Union). Also by King Baudouin's Foundation.

## THE POWER OF HWB IS IMMENSE.

In 25 years, more than 700 humanitarian missions have been completed.

In 2016 only 50 international missions have been executed by shipping 118 tons / 1.240 m3 / 3.800.000 €

Thanks to the cooperation with lots of Rotary Clubs and many wellwishers.

Please give our NGO your full support! Go to the HOF and find out! Surprises are waiting for you! Guess!

Every single € you will spend there will give you and the NGO a tremendous feeling!

**Ziekenhuis Zonder Grenzen**  
**Hôpital Sans Frontière**  
**Hospital Without Borders**

**HWB has two missions:**

**1. Long term.**

HWB's purpose is to **refurbish and equip under-resourced health centres around the world** (Asia, Africa, South America).

HWB therefore

- **collects medical, surgical and hospital equipment**
- **and distributes it for free,** complementing it with new material if necessary.

**2. Emergency situations.**

HWB also operates in **disasters areas**, e.g. tsunamis and earthquakes. Mainly with its ready-to-go kits.

**P.A.U.L.**  
drinking water

**HSF Hospi-kit**  
Material for general surgery and obstetrics

**HSF Dispensary-kit**  
First aid kit for field interventions
